PROGRAM GUIDELINES

Trinity Underwriters

Program Manager For

Continental Trucking Association

Program Guidelines

For several years, Trinity Underwriters has been providing insurance services for agents who need Physical Damage, Non-Trucking Liability, Motor Truck Cargo, and Trucker's General Liability for their trucking risks. Trinity negotiated an arrangement and became a Program Administrator for these lines of coverage through Continental Trucking Association (CTA). When purchasing a policy through Trinity your customers automatically become a member of CTA and, therefore, have access to its member benefits.

Because of the rules and bylaws of CTA and their agreement with the insurance company all vehicles and drivers **must** be scheduled in order for a claim to be covered.

Binding Procedures

- All bind requests must be submitted to bind@trinityunderwriters.net.
- All bind requests must be submitted to our office on or before the effective date. Any bind submitted after 4 pm CST is subject to being processed effective the next business day unless a signed no loss statement can be provided.
- Unreported vehicles will result in the denial of a claim.
- All bind requests must include the following (please refer to the Binding Checklist):
 - Signed and fully completed application
 - Equipment and drivers list
 - Current MVRs for all drivers
 - Signed finance agreement (in house financing is available upon request)
 - Net down payment
- It can take up to 48 business hours for binds to be processed. You will be provided a submission ID once a bind request is received. You are able to use the submission ID as a temporary policy # on a Certificate of Insurance. As long as all underwriting guidelines are met, a claim would be covered for the client. If, for some reason, there are underwriting issues you can always rescind the certificate at a later date.

Policy Change Procedures

- All policy changes must be submitted to endorsements@trinityunderwriters.net.
- All policy changes must be submitted on or before the effective date. Any change submitted after the effective date is subject to being processed effective the day it is received in our office.
- Unreported drivers will result in the denial of a claim.
